DOCUMENTARY: TRAILS OF HOPE AND TERROR

This award-winning documentary explores the current immigration debate in the US by drawing on interviews with humanitarian groups, social workers, legal professionals, the undocumented, and anti-immigration protestors. It frames the debate within the history of US policies that have contributed to the northward migration of Central American immigrants.

SHORT: SO FAR FROM GOD

Determined to find her father in the US, rebellious Mexican teen risks her life to make a perilous solo journey hiding in a truck with 15 undocumented immigrants and a limited air supply.

SHORT: RETORNADOS (THE RETURNED)

This short documentary focuses on three families who have been forced to return to Honduras, and the violent conditions from which they had initially fled. Moving through the restless streets of the unstable capital city, and into the drama and determination of each family's story, the film explores the experience of being returned to a familiar, yet perilously unsafe situation.

SHORT: OUR BARRIO

Our Barrio tells the story of Gabriela, a young woman on the verge of adulthood, who lives with her family in a diverse neighborhood. Finding beauty in life's quietest, yet most meaningful moments, the film is an exploration of the Latin American experience - and the human experience - as it delves into compassion, community, and overcoming adversity.

The following UNM organizations have partnered with ¡Cine Magnífico! to bring these films free of charge to campus.
